TECHNICAL SKILLS

Programming languages: C++, Javascript, Typescript
Version Control: Git, Github
Frameworks/Libraries: ReactJs, NodeJs, ExpressJs, HonoJs, NextJs, GSAP, Framer-Motion
Web Technologies: HTML, CSS, Tailwind css
API Development: RESTful APIs
Database/Caching: MongoDB, MySQL, PostgreSQL, Prisma
Spoken Languages: Hindi, English

WORK EXPERIENCE

Full Stack Developer, IIT Madras (Jan 2025 - Present) (Remote)

- Contributed to UI development and backend authentication system, ensuring seamless integration of frontend and backend components
- Worked on designing responsive web interfaces and implementing secure authentication protocols

FREELANCE DEVELOPER (July 2024 - Present) (Remote)

- Developed a high-performance football league news platform using Nextjs, reducing load time
- Implemented a CMS and optimized for SEO, increasing organic traffic
- Integrated e-commerce functionality with secure payment processing using Razorpay

PROJECTS

Apple TV+ Clone [[Website](#)][[Github](#)]

- Developed a responsive Apple TV clone using NextJs and framer-motion, showcasing expertise in frontend development and animation

ECOMMERCE WEBSITE [[website](#)][[Github](#)]

- Designed and developed a MERN stack eCommerce application using Typescript, implementing features such as product addition to cart, user authentication, and a seamless checkout process and CMS
- Integrated JWT authentication for secure user session, enhancing security and reducing unauthorized access
- Developed a responsive UI that achieved a 98% mobile usability score ensuring optimal shopping experience

COURSE SELLING WEBSITE [[website](#)][[Github](#)]

- Developed a scalable e-learning platform for creating and selling online courses
- Utilized MERN Stack (MongoDB, ExpressJs, ReactJs, NodeJs) for a robust and scalable architecture
- Implemented authentication and authorization to protect course content, Utilized RESTful API's to enable seamless and efficient data exchange between frontend to backend

EDUCATION

UNIVERSITY OF ALLAHABAD
MASTER OF COMPUTER APPLICATION

PRAYAGRAJ, UTTAR PRADESH
NOV 2022 - MAY 2024
8.00 (CGPA)

BUNDELKHAND UNIVERSITY
BACHELOR OF SCIENCE (MATH/STATISTICS/COMPUTER SCIENCE)

JHANSI, UTTAR PRADESH
JUL 2019 - SEP 2022
71%

ACHIEVEMENTS

- Solved above 200+ DSA problems across platforms like **Leetcode**, **GeekForGeek**.

CERTIFICATIONS

Completed a comprehensive data structures and algorithms course from Apna College, gained proficiency in [arrays, linked lists, stacks, queues, trees, graphs, sorting, searching, dynamic programming]
